Newsletter 1185

Dear parents: in and out in 5 minutes jab done. Got a text Wednesday got the Oxford Astra Zeneca Vaccine last night. Brilliant and efficient service. Posted lots on the website today about information we will be sharing with children in Key Stage 2 about vaccines and an NHS campaign to tell the truth in an age of misinformation and lies. Also included links to Hackney Services, Fuel help, Safer Internet materials and a link to Virtual World book Day March 4th. All under Parents Information and google Classrooms some great resources there. It's been quite some week in the snow and icy cold and further lockdowns on our lives. This half-term I hope to go for some walks on Hampstead Heath and Waterlow Park because I won't be going anywhere else !! One year on from that famous February Austrian / Italian half-term outbreak. One year of our lives wish you all the very best.

Pics of the week:

Fun in the snow ... music in school as the beat goes on Pointilism in Art Fish and Starfish ... Kandinsky's circles Chinese New Year Lanterns and celebration of the year of the Ox + Vaccine Card February 11th 2021

and finally ... having Dim Sum tonight and Chinese Sea Bass with sizzling oil spring onion, garlic and ginger over the weekend hopefully big news first day back Feb 22nd on schools return (rumours of younger children first) March 8th to be confirmed ... can't come soon enough ... I love writing Oxford Astrazeneca as a small lady in Scotland refuses to say Oxford ... books just got Jews Don't Count by David Baddiel a good polemic and on Amazon Prime 'Trump Unfit for Office' 1 hour with psychiatrists etc discussing malignant narcissism and sociopathic personality disorder and sadism ..it's more entertaining than my description .. skiing on North Yorkshire Moors and Brush Fires on Dartmoor English weather February 2021. Enjoy the half-term break.
