

Question:

Can I enter the classroom to search other children's bags for my child's PE shorts?

Answer:

Quite simply NO.

Firstly parents should not enter the classrooms with being vetted at the main entrance.

Secondly you cannot search and neither can staff search pupil's bags without permission or some urgent reason.

Pupils can be invited to turn out their bags and pockets themselves.

It would be quite serious for another parent to do this. So once again no.
