

Where would you like to go on Holiday?

As this is the last week of term before the summer holidays, I thought we should do a project about somewhere interesting in the world that you would like to visit. Think of a country or place that you would love to go to.

Task 1 – Choose a country that you would like to visit. Research the country and write notes and key information about it. Draw the flag.

Task 2 – Continue to research by planning your holiday brochure. You need to think about these different sub-headings.

1. Background information / history
2. Activities / things to do and see.
3. Weather / How do the seasons change?
4. Food.
5. Languages.
6. Pictures

Task 3 – Design your brochure. You can do this on paper template, make your own or use the computer. Include all the information from your plan and follow the examples.

Task 4 – Make a poster to go with your brochure. Include catchy headings and vibrant pictures. When you're finished try and convince your parents or carers to take you to this place in the near future.

Task 5 – Relax, your work is done. If you're bored though, I have included some holiday activities. Have a great holiday, see you in September!
