

Dear parents: News below about an appeal for a really worthy cause next Friday. Very very happy to support this. General election in full swing with car crash interviews, the great British public having its say and worthless slogans and promises being trotted out by the day. One thing that has not featured in all this Brexit dominated nonsense is education funding. It is being ruthlessly cut in London. Next week a special letter that you can use to write to the Education Secretary expressing your concerns. Boroughs and parents all over London are rallying against this Unfair Funding policy. From Monday school gates will now officially open from 8.45am and children and pupils can go directly to their classes to start the day with their teachers. Gate closes sharp at 9am anyone after that will be classified as late so please ensure you arrive punctually and no more Hackney time.
