We believe Safeguarding is the policies and practices that we employ to keep children safe and promote their well-being. Safeguarding includes governance; security of the school buildings and grounds; safe recruitment of staff; SEN and inclusion; e-safety; health and safety; curriculum; attendance and punctuality; and all school policies.

We believe Child Protection is the activity that is undertaken to protect children who are suffering or likely to suffer significant harm.

We are committed to safeguarding and promoting the welfare of all children and take account of the information contained in the DfE documents 'Working Together to Safeguard Children' and 'Keep Children Safe in Education: Statutory Guidance for Schools and Colleges (DfE September 2021)' as the safety and protection of children is of paramount importance to everyone in this school and we work hard to create a culture of vigilance. At all times we will ensure what is best in the interests of all children.

Safeguarding and promoting the welfare of children is best defined as:

'protecting children from maltreatment; preventing impairment of children's health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and taking action to enable all children to have the best outcomes'. (Keep Children Safe in Education: Statutory Guidance for Schools and Colleges (DfE 2020))

We recognize the changes in KCSIE 2020 and 2021 to include:

- 2021
- dealing with sexual violence and harassment
- low level concerns and managing allegations against staff
- protecting children from maltreatment;
- 2020
- preventing impairment of children's **mental and physical health** or development;
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- taking action to enable all children to have the best outcomes.

We believe that all children have the right to be safe in our society. Therefore, we recognise that we have a duty to ensure arrangements are in place for safeguarding and promoting the welfare of children by creating a positive school atmosphere through our teaching and learning, pastoral support and care for both pupils and school personnel, training for school personnel and with working with parents. We teach all our children about safeguarding.

At Our Lady and St Joseph School pupils are taught about safeguarding, including online, through various teaching and learning opportunities, as part of providing a broad and

Our Lady and St Joseph

balanced curriculum. Children are taught to recognise when they are at risk and how to get help when they need it.

Children are taught how to stay safe when online. They are taught about strategies to prevent bullying. Pupils are taught the proper use of mobile phones and some of the dangers that can arise.

We understand that 'safeguarding is what we do for all children, whilst child protection refers to the procedures we use for children at risk of significant harm or who have been harmed.'

We work hard to ensure that everyone keeps careful watch throughout the school and in everything we do for possible dangers or difficulties. We want all children to feel safe at all times. We want to hear their views of how we can improve all aspects of safeguarding and from the evidence gained we put into place all necessary improvements.

We are particularly alert to the potential need for **early help** for a child who:

- is disabled and has specific additional needs;
- has special educational needs (whether or not they have a statutory education, health and care plan);
- is a young carer;
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups;
- is frequently missing/goes missing from care or from home;
- is misusing drugs or alcohol themselves;
- Is at risk of modern slavery, trafficking or exploitation;
- is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse;
- has returned home to their family from care;
- is showing early signs of abuse and/or neglect;
- is at risk of being radicalised or exploited;
- is a privately fostered child.

(Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges (**DfE 2021**))

We want all our children to achieve their full potential by:

- being as physically and mentally healthy as possible;
- experiencing good quality education opportunities;
- living in a safe environment;
- learning and working in a safe environment;
- experiencing emotional well being;
- feeling loved and valued;
- receiving support from a network of reliable and affectionate relationships;
- learning to look after themselves;
- coping with everyday living;
- having a sense of identity and a positive image of themselves;
- developing their confidence and their interpersonal skills

Our Lady and St Joseph

The school assesses the risks and issues in the wider community when consider the well-being and safety of its pupils.

We recognise that the safety and protection of pupils is the responsibility of all school personnel and volunteers as they are in a unique position to notice injuries, marks or bruises when children are undertaking certain activities which might indicate a child has been abused. We believe that we must report and investigate all injuries for the safety and protection of the children in our care.

We acknowledge that children can be harmed physically, emotionally, sexually or by neglect. It is our duty to report any concerns that we have of child abuse as the health, safety and protection of all children is paramount. We are aware that if abuse is suspected by another child then child protection procedures will be applied to both children.

The following are types of abuse and neglect:

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others (e.g. via the internet). They may be abused by an adult or adults or by another child or children.

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Our Lady and St Joseph

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

(Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges (DfE 2016 and September 2021 updated))

We are aware that safeguarding issues can manifest themselves via **peer on peer abuse** in the form of bullying (including cyber bullying); physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm; sexual violence and sexual harassment; sexting (also known as youth produced sexual imagery); and initiation/hazing type violence and rituals.

We have a duty to ensure school personnel have the **skills, knowledge and understanding** to keep looked after children safe and to be alert to the additional safeguarding challenges to children with special educational needs and disabilities.

We are aware that safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside the school. We must consider, at all times, the context within which such incidents and/or behaviours occur. This is known as '**contextual safeguarding**', which simply means assessments of children should consider whether wider environmental factors are present in a child's life that are a threat to their safety and/or welfare.'

We are aware that 'Child **sexual exploitation** is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.' We will report any concerns we may have regarding a pupil being possibly sexually exploited.

Indicators of child sexual exploitation may include:

- Acquisition of money, clothes, mobile phones, etc. without plausible explanation;
- Gang-association and/or isolation from peers/social networks;
- Exclusion or unexplained absences from school, college or work;
- Leaving home/care without explanation and persistently going missing or returning late;
- Excessive receipt of texts/phone calls;
- Returning home under the influence of drugs/alcohol;
- Inappropriate sexualised behaviour for age/sexually transmitted infections;
- Evidence of/suspicions of physical or sexual assault;
- Relationships with controlling or significantly older individuals or groups;
- Multiple callers (unknown adults or peers);
- Frequenting areas known for sex work;

Our Lady and St Joseph

- Concerning use of internet or other social media;
- Increasing secretiveness around behaviours; and
- Self-harm or significant changes in emotional well-being.

Potential vulnerabilities include:

Although the following vulnerabilities increase the risk of child sexual exploitation, it must be remembered that not all children with these indicators will be exploited. Child sexual exploitation can occur without any of these issues.

- Having a prior experience of neglect, physical and/or sexual abuse;
- Lack of a safe/stable home environment, now or in the past (domestic abuse or parental substance misuse, mental health issues or criminality, for example);
- Recent bereavement or loss;
- Social isolation or social difficulties;
- Absence of a safe environment to explore sexuality;
- Economic vulnerability;
- Homelessness or insecure accommodation status;
- Connections with other children and young people who are being sexually exploited;
- Family members or other connections involved in adult sex work;
- Having a physical or learning disability;
- Being in care (particularly those in residential care and those with interrupted care histories); and
- Sexual identity.

More information can be found in:

(Child sexual exploitation: Definition and a guide for practitioners, local leaders and decision makers working to protect children from child sexual exploitation (DfE February 2017))

We are aware of Child Criminal Exploitation (CCE).

The definition of Child Criminal Exploitation, which can be found on KCSIE (2020) page 83, is:

CCE is where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child into any criminal activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial or other advantage of the perpetrator or facilitator and/or (c) through violence or the threat of violence.

The victim may have been criminally exploited even if the activity appears consensual. CCE does not always involve physical contact; it can also occur through the use of technology.

Some of the following can be indicators of CCE:

- children who appear with unexplained gifts or new possessions;
- children who associate with other young people involved in exploitation;
- children who suffer from changes in emotional well-being;
- children who misuse drugs and alcohol;
- children who go missing for periods of time or regularly come home late; and
- children who regularly miss school or education or do not take part in education.

Our Lady and St Joseph

We are aware that **female genital mutilation (FGM)** is a form of child abuse and violence against women and affects girls particularly from North African countries. It is illegal in England and Wales to allow girls to undergo this practice, which involves the 'partial or total removal of the external female genitalia for non-medical reasons'.

We are aware that section 5b of the FGM Act 2003 has introduced a mandatory reporting duty which requires health and social care professionals and teachers in England and Wales to report to the police when a girl under the age of 18 informs them that FGM has been carried out on them or if they observe physical signs that FGM has been carried out. The signs to look out for are:

- Difficulty walking, standing or sitting.
- Spending longer in the bathroom or toilet.
- Appearing withdrawn, anxious or depressed.
- Displaying unusual behaviour after an absence from school or college.
- Being particularly reluctant to undergo normal medical examinations.
- Asking for help, but may not be explicit about the problem due to embarrassment or fear.

Mandatory reporting duty does not apply if a person suspects that FGM has been carried out or whether they consider a girl may be at risk of FGM. In this instance we are expected to follow local safeguarding procedures. School personnel who fail to comply with the mandatory duty face disciplinary procedures.

The Serious Crime Act 2015 sets out a duty on professionals (including teachers) to notify police when they discover that FGM appears to have been carried out on a girl under 18. In schools, this will usually come from a disclosure (unlike in the medical profession where an observation may have been made).

Teachers must personally report to the police cases where they discover that an act of FGM appears to have been carried out; and discuss any such cases with the safeguarding lead and children's social care. The duty does not apply in relation to at risk or suspected cases.

We are aware that 'so-called '**honour-based' abuse (HBA)** encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing'.

School personnel who have a concern regarding a child that might be at risk of HBA or who has suffered from HBV will report their concern to the DSL or deputy DSL.

We are aware of the risk of 'County Lines' gangs.

County lines is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs (primarily crack cocaine and heroin) into one or more importing areas [within the UK], using dedicated mobile phone lines or other form of "deal line".

Our Lady and St Joseph

Exploitation is an integral part of the county lines offending model with children and vulnerable adults exploited to move [and store] drugs and money. Offenders will often use coercion, intimidation, violence (including sexual violence) and weapons to ensure compliance of victims.

Children can easily become trapped by this type of exploitation as county lines gangs create drug debts and can threaten serious violence and kidnap towards victims (and their families) if they attempt to leave the county lines network.

See KCSIE (2021) page 85.

We are aware of Domestic Abuse in its many forms:

The definition of Domestic Abuse is:

any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to: psychological; physical; sexual; financial; and emotional.

All children can witness and be adversely affected by domestic abuse in the context of their home life where domestic abuse occurs between family members. Exposure to domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

(See KCSIE (2021) page 86)

All staff at Our Lady and St Joseph school are aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

School staff are not expected or trained to diagnose mental health conditions or issues, but may notice behaviours that may be of concern.

Where staff have a mental health concern about a child that may also be a safeguarding concern, they should raise the issue by informing the designated safeguarding lead or a deputy. This should be via speaking to a member of the Safeguarding team and recording this together if required on C-POMS.

We recognise that when a child has a social worker, it is an indicator that the child is more at risk than most pupils.

This may mean that they more vulnerable to further harm, as well as facing educational barriers to attendance, learning, behaviour and poor mental health.

We take these needs into account when making plans to support pupils who have a social worker. The Safeguarding Team will always prioritise these cases and provide guidance and support.

Our Lady and St Joseph

We will inform the **Local Authority Designated Officer** of any allegations of abuse by any member of the school personnel whether they took place on the school premises or elsewhere and of the action taken in respect of these allegations.

We will also inform Local Authority Designated Officer of any person connected to the school who is considered to be unsuitable to work with children.

We have a duty to safeguard children, young people and families from **violent extremism**. We are aware that there are extremists groups within our country who wish to radicalise vulnerable children and to involve them in terrorism or in activity in support of terrorism. Periodic risk assessments are undertaken to assess the risk of pupils being drawn into terrorism. School personnel must be aware of the increased risk of online radicalisation, and alert to changes in pupil's behaviour. Any concerns will be reported to the Designated Safeguarding Lead.

We are aware that under the '**Counter-Terrorism and Security Act 2015**' we have the duty to have 'due regard to the need to prevent people from being drawn into terrorism'. This duty is known as the Prevent duty and we believe it is essential that school personnel are able to identify those who may be vulnerable to radicalisation or being influenced by extremist views, and then to know what to do when they are identified.

We provide a safe environment where we promote pupils' welfare. Within this environment we work hard to build pupils' resilience to radicalisation and extremism by promoting fundamental **British values** and for everyone to understand the risks associated with terrorism. We want pupils to develop their knowledge and skills in order to challenge extremist views.

Advice and support to protecting children from the risk of radicalisation is provided for all school personnel by the **Designated Safeguarding Lead** who has undertaken Prevent awareness training (Workshop to Raise Awareness of Prevent). Online general awareness training will also be provided by the Channel programme for all school personnel who provide support to those who have been identified as being vulnerable to being drawn into terrorism.

We will deal with all incidents of **sexting** that involves the 'sending or posting of sexually suggestive images, including nude or semi-nude photographs, via mobiles or over the Internet.'

Sexting:

In cases of 'sexting' we follow guidance given to schools and colleges by the UK Council for Child Internet Safety (UKCCIS) published in 2017: 'Sexting in schools and colleges, responding to incidents, and safeguarding young people'.

We are committed in establishing and maintaining an **ethos** where children and parents feel secure in being able to talk confidently to school personnel about any concerns or fears they may have knowing that they will be taken seriously.

We are aware that **privately fostered** children fall into the category of a potentially vulnerable group and must be monitored by the local authority. Therefore, it is our duty to report to the local authority any child who we suspect is being privately fostered. On admission to the school we will ensure that the parental responsibility of a child is established.

Our Lady and St Joseph

A private fostering arrangement is one that is made privately (without the involvement of a local authority) for the care of a child under the age of 16 years (under 18, if disabled) by someone other than a parent or close relative, in their own home, with the intention that it should last for 28 days or more.

A close family relative is defined as a 'grandparent, brother, sister, uncle or aunt' and includes half-siblings and step-parents; it does not include great-aunts or uncles, great grandparents or cousins.

Parents and private foster carers both have a legal duty to inform the relevant local authority at least six weeks before the arrangement is due to start; not to do so is a criminal offence.

Whilst most privately fostered children are appropriately supported and looked after, they are a potentially vulnerable group who should be monitored by the local authority, particularly when the child has come from another country. In some cases privately fostered children are affected by abuse and neglect, or be involved in trafficking, child sexual exploitation or modern-day slavery.

Schools have a mandatory duty to report to the local authority where they are aware or suspect that a child is subject to a private fostering arrangement. Although schools have a duty to inform the local authority, there is no duty for anyone, including the private foster carer or social workers to inform the school. However, it should be clear to the school who has parental responsibility.

School staff should notify the designated safeguarding lead when they become aware of private fostering arrangements. The designated safeguarding lead will speak to the family of the child involved to check that they are aware of their duty to inform the LA. The school itself has a duty to inform the local authority of the private fostering arrangements.

On admission to the school, we will take steps to verify the relationship of the adults to the child who is being registered.

We are aware of Children Missing in Education (CME):

Knowing where children are during school hours is an extremely important aspect of Safeguarding. Missing school can be an indicator of abuse and neglect and may also raise concerns about other safeguarding issues, including the criminal exploitation of children.

We monitor attendance carefully and address poor or irregular attendance without delay.

We will always follow up with parents/carers when pupils are not at school. This means we need to have a least two up to date contacts numbers for parents/carers. Parents should remember to update the school as soon as possible if the numbers change.

In response to the guidance in Keeping Children Safe in Education (2020) the school has:

1. Staff who understand what to do when children do not attend regularly
2. Appropriate policies, procedures and responses for pupils who go missing from education (especially on repeat occasions).
3. Updated procedures for dealing with sexual violence and harassment and how they are recorded
4. Staff who know the signs and triggers for travelling to conflict zones, FGM and forced marriage.
5. Updated systems for managing low level concerns and allegations against staff.
6. Procedures to inform the local authority when we plan to take pupils off-roll when they:
 - a. leave school to be home educated
 - b. move away from the school's location
 - c. remain medically unfit beyond compulsory school age
 - d. are in custody for four months or more (and will not return to school afterwards); or

Our Lady and St Joseph

e. are permanently excluded

We will ensure that pupils who are expected to attend the school, but fail to take up the place will be referred to the local authority.

When a pupil leaves the school, we will record the name of the pupil's new school and their expected start date.

Children and young people with special educational needs and disabilities can face additional safeguarding challenges because:

- there may be assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- children with SEN and disabilities can be disproportionately impacted by things like bullying without outwardly showing any signs; and
- difficulties may arise in overcoming communication barriers.

At our school we identify pupils who might need more support to be kept safe or to keep themselves safe by:

Discussions in Safeguarding Team.

Working closely with SENCO and Hackney Education.

We will ensure that the **curriculum** deals with safeguarding through activities and opportunities in RSE / PSHE /Citizenship that will equip the children with the necessary skills and awareness to stay safe from abuse. We want children to understand risk, to become more resilient and know where to go for help and support not only in school but also in the local community.

We have a duty to ensure the **online safety** of all pupils and school personnel. We also have a duty to provide pupils with quality Internet access as part of their learning experience across all curricular areas. The use of the Internet is an invaluable tool in the development of lifelong learning skills.

We believe that used correctly Internet access will not only raise standards, but it will support teacher's professional work and it will enhance the school's management information and business administration systems.

We acknowledge that the increased provision of the Internet in and out of school brings with it the need to ensure that learners are safe. We need to teach pupils how to evaluate Internet information and to take care of their own safety and security.

Under KCSIE we are aware of the need to ensure pupils' safety when learning from home or remotely. We now have Google classrooms in place and are working with parents to ensure they understand their own responsibilities in 2021.

E-Safety, which encompasses Internet technologies and electronic communications, will educate pupils about the benefits and risks of using technology and provides safeguards and awareness to enable them to control their online experience.

We have a duty to create and maintain a culture of safe recruitment and to establish and maintain correct procedures that will 'help deter, reject or identify people who might abuse children.' Procedures such as criminal record checks (**DBS checks**), barred list checks and prohibition

Our Lady and St Joseph

checks, together with references and interview information, to be used in order to determine the suitability of a prospective employee.

We are committed in establishing and maintaining correct procedures and checks for **safer recruitment** for all new staff, supply staff, contractors, volunteers and governors and the establishment of sound working relationships with parents and support agencies.

We will ensure that all adults in the school community attends regular **awareness training** on a wide range of safeguarding topics and that both Designated Safeguarding Leads undertake two-yearly training in their role.

We have a duty to ensure that under no circumstances will we **disclose** to a parent any information held on a child if this would put the child at risk of significant harm.

We recognise **whistle blowing** is the reporting of suspected wrongdoing in the workplace which is regarded as making a disclosure in the public interest. We actively encourage all school personnel and visitors to school to report any serious concerns they may have about any aspect of the school such as:

- health and safety concerns
- damage to the school environment
- a criminal offence that has taken place or is about to take place
- disobeying the law
- the covering up of a wrong doing
- the conduct of its personnel or others acting on behalf of the school.

We are aware of the new Harm Test:

The guidance in KCSIE 2021 (Part Four) should be followed where it is alleged that anyone working in the school or college that provides education for children under 18 years of age, including supply teachers and volunteers has:

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child;
- behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children; or behaved or may have behaved in a way that indicates they may not be suitable to work with children.

We are aware that more than 90% of abuse cases involve someone a child already knows such as a family member or close friend. We agree with the advice from NSPCC that 'parents should not leave it up to teachers' to talk to children about sexual abuse but to talk to them themselves.

Therefore, we will organise awareness training workshops for parents outlining various ways and opportunities for them to approach this delicate subject.

We are aware that the General Data Protection Regulations (GDPR) has entirely replaced the previous Data Protection Act (DPA) making changes to many previous data protection rules and regulations that schools, academies and other educational establishments adhered to under the DPA. The principal aim of the GDPR is to strengthen and unify the safety and security of all data held within an organisation.

Our Lady and St Joseph

We have a duty not to 'prevent, or limit, the sharing of information for the purposes of keeping children safe'. We are aware that legal and secure information sharing between schools, Children's Social Care, and other local agencies, is essential for keeping children safe and ensuring they get the support they need. Information can be shared without consent if to gain consent would place a child at risk. Fears about sharing information must not be allowed to stand in the way of promoting the welfare and protecting the safety of children.'

We have a duty to retain all data on the safeguarding file for a long period as it 'forms part of an important story that may be needed retrospectively for many years.'

We aim to ensure that in all **school inspections** safeguarding will be judged as outstanding in leadership, in outstanding personal development, behaviour and welfare and outstanding in the standards in early year's provision.

We wish to work closely with the **School Council** and to hear their views and opinions on safeguarding as we acknowledge and support Article 12 of the United Nations Convention on the Rights of the Child that children should be encouraged to form and to express their views.

We as a school community have a commitment to promote **equality**. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.

We all have a responsibility to ensure equality permeates in to all aspects of school life and that everyone is treated equally irrespective of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation. We want everyone connected with this school to feel safe, secure, valued and of equal worth.

We acknowledge the findings of the Race Disparity Audit that clearly shows how people of different ethnicities are treated across the public services **of** health, education, employment and the criminal justice system.

The educational section of the audit that covers: differences by region; attainment and economic disadvantage; exclusions and abuse; and destinations, has a significant importance for the strategic planning of this school.

We believe that 'everyone who comes into contact with children and their families has a role to play in safeguarding children'. Therefore, we believe it is essential that this policy clearly **identifies and outlines the roles and responsibilities** of all those involved in the procedures and arrangements that is connected with this policy. All governors must be fully aware of their safeguarding responsibilities.

- ☐ Mandatory Reporting of Female Genital Mutilation - procedural information (HM Government)

- To ensure the following safeguarding policies are up to date and that all school personnel and volunteers are aware of them:

- ☐ Child Missing Education (see policy)

We believe 'all children, regardless of their circumstances, are entitled to a full time education which is suitable to their age, ability, aptitude and any special educational needs they may have. Children missing education (CME) are at significant risk of underachieving, being victims of abuse and becoming NEET (not in education, employment or training) later on in life.' (Children Missing Education: statutory guidance for local authorities (DfE))

- ☐ Anti-Bullying (see policy)

We have a duty of care to protect pupils from bullying as part of our responsibility to provide a safe, secure, caring and friendly school environment for all the children in order to protect them from those who wish to deliberately hurt them either physically or emotionally. We believe all our safeguarding procedures are in line with Sections 3(5) and 87(1) of the Children Act 1989 and Section 157 of the Education Act 2002 and that we promote the welfare of all children in our care.

- ☐ Anti-cyber Bullying (see policy)

We believe cyber bullying is the use of a mobile phone or the internet to deliberately upset another person. We have a responsibility to ensure that cyber bullying does not take place in this school by ensuring pupils, school personnel and parents understand what it is and how it can be prevented.

- ☐ Child Sexual Exploitation (see policy)

We believe child sexual exploitation is a type of sexual abuse in which children are sexually exploited for money, power or status and is best defined as: involves exploitative situations, contexts and relationships where young people (or a third person or persons) receive 'something' (e.g. food, accommodation, drugs, alcohol, cigarettes, affection, gifts, money) as a result of them performing, and/or another or others performing on them, sexual activities. Child sexual exploitation can occur through the use of technology without the child's immediate recognition; for example being persuaded to post sexual images on the Internet/mobile phones without immediate payment or gain. In all cases, those exploiting the child/young person have power over them by virtue of their age, gender, intellect, physical strength and/or economic or other resources. Violence, coercion and intimidation are common, involvement in exploitative relationships being characterised in the main by the child or young person's limited availability of choice resulting from the social/economic and/or emotional vulnerability. (Safeguarding Children and Young People from Sexual Exploitation: supplementary guidance to Safeguard Children (DCSF))

Our Lady and St Joseph

- ☐ Dealing with Allegations against School Personnel, Volunteers, Headteacher or Pupils (see policy)

We recognise that all school personnel are vulnerable to accusations of abuse because of their daily contact with children. We acknowledge that dealing with allegations against school personnel is a stressful, demanding, complex and delicate process for all involved. But we will ensure that all allegations will be taken seriously and investigated immediately and impartially in order to provide instant and effective protection for the child concerned and to provide support for the person who is the subject of the allegation.

- ☐ Dealing with Sexual Violence and Sexual Harassment (see policy updates September 2021)

We are aware that 'sexual violence and sexual harassment can occur between two children of any sex and they can occur 'through a group of children sexually assaulting or sexually harassing a single child or group of children'. We have the responsibility to ensure that sexual violence and sexual harassment is not acceptable and will not be tolerated. All incidents of sexual violence and sexual harassment will be dealt with and all victims will be taken seriously with the appropriate support provided.

- ☐ Disclosure and Barring Service Checks (see policy)

We have a statutory duty of care to safeguarding the welfare of children and vulnerable adults and providing them with a safe learning environment. By undertaking checks via the Disclosure and Barring Service (DBS) for those people who are looking to work with children, we aim to prevent unsuitable people from working with children and vulnerable adults.

- ☐ Photographic and Video Images (see policy)

We believe there is no law stopping parents from taking photographs of their children at school events as photographs taken purely for personal use are exempt from the Data Protection Act 1998.

- ☐ Prevent Duty - Dealing with Extremism and Radicalisation (see policy)

We are aware that under the 'Counter-Terrorism and Security Act 2015' we have the duty to have 'due regard to the need to prevent people from being drawn into terrorism'. This duty is known as the Prevent duty and we believe it is essential that school personnel are able to identify those who may be vulnerable to radicalisation or being influenced by extremist views, and then to know what to do when they are identified.

- ☐ School Personnel Code of Conduct (see policy)

We have a duty to safeguard and to promote the welfare of all pupils by protecting them from maltreatment, preventing impairment of their health or development, ensuring that they grow up in circumstances consistent with the provision of safe and

Our Lady and St Joseph

effective care and to take appropriate action enabling them to have the best outcomes. We believe we have a duty to safeguard and to promote the welfare of pupils and to protect school personnel by creating a whole school culture that is safe and inclusive. We want to maintain a whole school culture by having in place the principles of respect, understanding rights and responsibilities, fairness, tolerance and understanding for all.

☐ Positive Handling (Restraint of Pupils) (see policy)

We understand that there is no legal definition when reasonable force can be used. 'That will always depend on the precise circumstances of individual circumstances of individual cases. To be judged lawful, the force used would need to be in proportion to the consequences it is intended to prevent. The degree of force used should be the minimum needed to achieve the desired result. Use of force could not be justified to prevent trivial misbehaviour'. (Department for Education – Use of reasonable force)

☐ Safer Recruitment (see policy)

We have a major duty to ensure safe recruitment of school personnel and volunteer helpers to this school as we are committed to safeguarding and promoting the welfare of all children. By creating a culture of safe recruitment that involves undertaking criminal record checks (DBS checks), barred list checks and prohibition checks plus obtaining references and other interview information for all prospective employees, we believe that this will help prevent, reject or identify those people who might abuse children.

☐ Internet Social Networking Websites (see policy)

We believe school based staff need to be aware that 'posting' anything on social networking sites about themselves, others or their place of work must be prepared for the possibility that anyone could gain access to it. This has been a major factor in identity theft. In terms of school personnel's use of social networking and the web, they must be careful what information is posted due to potential security risks. School personnel should use social networking sites wisely and cautiously and if absolutely necessary bearing in mind they should not jeopardise themselves, others or their place of work. The school will monitor its IT system for inappropriate usage and will take the necessary disciplinary measures if need be.

☐ Special Educational Needs (see policy)

We have a duty to provide appropriate SEN provision for children and young people in order to meet their needs. It is also our duty to 'make reasonable adjustments for disabled children and young people, to support medical conditions and to inform parents and young people if SEN provision is made for them.' We must ensure that under no circumstance will we directly or indirectly discriminate against, harass or victimise disabled children or young people.
