

Dear parents: half-termly special to celebrate the wonderful diversity and harmony of our school community long may it continue

Pics of the special week: Mr. Kenny Tolani tennis coach and I spoke about legendary black and minority tennis players and history (see our website for more). Kenny (Kehinde) told his story of coming from Nigeria aged 10 and loving tennis ever since ... I was lucky to go to a Catholic primary school that had a clay tennis court on site and my parents garden backed on to a small glass factory wall one of the only sports played in every country on earth ... Years 2 wonderful Ella Fitzgerald / Maya Angelou / Basquiat assembly today, well done Ms Walshe Ms Florence and Maggie sharing memories of Ghana

and finally parents coming in to assemblies and then visiting classrooms 3 times a year and seeing their child's work is unique to our school (lots have copied it since) got some things right over the last 27 + years !
