### New Lanyards....

Great assembly on Monday. Do a test ask your children what the Green, Yellow and Red lanyards mean if they see someone in the building. They were fascinated Monday and it is now in place. This means that after Easter you must not be in the building between 8.45am and 3.45pm without wearing coloured lanyard and reporting to reception first where you will be given a lanyard. Only exception is Assembly day. We will then start a 3 strikes rule for people who transgress. More next week.
