

Dear Parents/ Carers,

We are all very happy to now have all the reception children in school with us. They have settled well and we are now getting to know each other, making sure everyone feels safe and comfortable with the new environment and routines.

I am very much looking forward to spending the year ahead with all your children and sharing the learning and fun together.

Please do not hesitate to get in contact for any information/ concern you might want to share with us.

Ms Scarpini
