This booklet has been produced in the context of the accountability arrangements outlined by the DfE. In 2021/22 this meant school by school tables were not included, and 'Quartile' placements were added. These have been continued in this booklet, alongside school by school tables. There are 54 primary schools, so generally each quartile contains 14/15 schools, with quartile 1 the top quartile.

*Please note: Gypsy/Roma and Irish Traveller pupils have, historically, been included in the 'Any other ethnicity' category in this analysis. They continue to be so this year to allow like-for-like, year-on-year comparisons. However, to also allow focus on this cohort, the Gypsy/Roma and Irish Traveller have been duplicated as a separate category. As a result, these pupils are counted in both the specific cohort, and the broader 'Any other ethnicity' category.

*Please note: Gypsy/Roma and Irish Traveller pupils have, historically, been included in the 'Any other ethnicity' category in this analysis. They continue to be so this year to allow like-for-like, year-on-year comparisons. However, to also allow focus on this cohort, the Gypsy/Roma and Irish Traveller have been duplicated as a separate category. As a result, these pupils are counted in both the specific cohort, and the broader 'Any other ethnicity' category.
