

Week commencing Monday 1st February 2021

OLI: To test and identify which materials have certain properties.

Steps to success:

- I can identify which materials the objects are made from.
- I can test materials to see how they behave.
- I know the material that an object is made can often explain how a material behaves.

Test the objects, write what the object is made from and then put a tick in the right box.

Object	Material/s object is made from	Waterproof	Not waterproof
 wellies			
 t-shirt			
 paper			
 rubber gloves			

Object	Material/s object is made from	Transparent	Opaque
 window			
 cardboard box			
 plastic bottle			
 tin can
