

Dear parents: It's been lovely to have the children all back in school. I look forward to working closely with you in this important year.

Dear pupils: Welcome back to Year 6! You have all settled back into school life wonderfully, with real maturity and focus. I can already see that you are ready for Year 6!

It is great to have you all back and see you looking happy and well. I am very happy to be teaching you again and look forward to the year ahead.

Keep working hard and always remember to try your best!
