

Our Learning Intention:

To learn that objects can be made of different materials.

Steps to success:

I can identify different objects.

I can say what material an object is name from.

I can distinguish between an object and what it's made from.

Naming Materials

Exploring Materials

Today you are going to explore some different materials.

Naming Materials

wood

Your turn

Can you think of different objects at school made of of these materials?

Did you think of these?

Your activity

Draw and name some objects at home what are made out of these materials. Worksheet is uploaded for you. Alternatively you could collect objects and put them into different piles based on their material.

Week commencing Monday 11th January 2021

OLI: to learn that objects can be made of different materials.

- I can identify different objects.
- I can say what material an object is made from.
- I can distinguish between an object and what it's made from.

Materials Hunt

Draw and name objects in your home made out of these materials.

Metal	Wood	Plastic	Glass
